

## 8-port 10/100M Industrial PoE Switch / Media Converter

-  Industrial design, 4x 10/100M Ethernet RJ45 ports (PoE) 2x 10/100M RJ45 ports and 1x 100M single-mode dual fiber SC optical port
-  Compatible with IEEE802.3af/at
-  Supports IEEE802.3x flow control for Full-duplex Mode and back pressure for Half-duplex Mode
-  RJ-45 port supports Auto MDI/MDI-X
-  Automatic MAC address learning and aging
-  Auto-Negotiation for Full-duplex Mode and Half-duplex Mode
-  Plug and play, with LED indicators for monitoring power/link/activity, easy to use.
-  Provides DIN35 rail-type installation method
-  Electromagnetic compatibility of up to 4 grade standard
-  IP40 protection class
-  Superior performance, successfully used in industrial field

### Product Description

8-port industrial PoE switch / media converter, with 4x 10/100M PoE ports, 2x 10/100M Ethernet ports and 1x 100M SC port, for connecting with devices like computer, switch, hub, server, etc. Optical fiber SC interface extends network transmission distance limit from 100m to above 25KM (Multi-mode 2KM, single-mode 25KM), it simply connects remote multiple motherboard servers, relays, hubs, terminals and multiple terminals.

KRN-ISW-UHP-0620SCS product components were rigorous screened, have superior performance in stability, environmental adaptability. Shells were made by aluminum extrusion, more lighter, stronger, better resistance ability to corrosion and electromagnetic interference, ensure stability and security of Industrial Ethernet Switch, plus standard DIN-35 rail type installation method.

### 8-port 10/100M Industrial PoE Switch / Media Converter

#### Product Display

- A. 4x 10/100M PoE Ports
- B. 2x 10/100M Uplink Ports
- C. 10/100M SC Optical Port
- D. Power LED Indicator

#### Application

## 8-port 10/100M Industrial PoE Switch / Media Converter

---

### Product Ordering Information

---

**Product Model:** KRN-ISW-UHP-0620SCS

**Product Description:** 8-port 10/100M Industrial PoE Switch /Media Converter, with 4x PoE RJ45 ports, 2x RJ45 Ports and 1x single-mode dual fiber SC optical fiber Uplink port. Rail-type installation. Compatible with IEEE802.3af/at. The max power for single port is 30W.

### Product Packing Lists

---

|              |   |
|--------------|---|
| Package List | 8-port 10/100M Industrial PoE Switch /Media Converter ( KRN-ISW-UHP-0620SCS ) |
|              | User Guide  |
|              | Warranty Card   |

**Note:**

**2x single-mode dual SC modules are included.**

**Power adapter is not included in this package. Please order it separately.**
